自行车箱-您旅行的伙伴

TRAVEL COMPANION

对于一个骑行者而言，骑着自己的自行车旅行或者训练是一件非常重要的事情，尤其是在假期。骑车到您的极限或者在温暖的国度训练都能使您的自行车旅行变得完美。然而，如何运送您的自行车并使其不受损坏这一点一直被大家忽视。

值得庆幸的是，来自B&W设计生产的巧妙创新的自行车箱产品可以在旅途中完美保护您的自行车。

所有亲眼见过箱子是如何在飞机上装载和卸载的人，都知道在这过程中箱子遭受着怎样的对待。而B&W仔细的考虑到了这一点。

我们的箱子拥有加固的护角，平稳运转的轮子和可调整的捆绑带，使您的自行车得到安全的保护。

Riding and training on your own bicycle is an absolute highlight for any cyclist, especially during the holiday. Riding to your limits or training in warm countries are just two of many things that make a good cycling trip. However, an absolute requirement is the ability to transport your bicycle without it being damaged.

This is one thing you can rely on thanks to the clever innovations produced by B&W International. Our **bike.cases** & bags protect your bicycle during the flight.

Whoever has seen how cases are handled when they are being loaded and unloaded onto an aircraft knows the treatment to which they are exposed and we at B&W International take that into careful consideration.

Our cases have stable case shapes, rigid materials, reinforced smooth-running wheels and integrated tension belts to guarantee that your bicycle will be safe and secure.

带着您的自行车上飞机

为什么要带着您自己的自行车？

所有骑行者都有这样的经验：骑着自己的自行车更好更安全，因为您熟悉它的装备、座位的高低及舒适度，您也更了解刹车和齿轮处于怎样的状态。

自行车箱内富余的空间可以放置您的头盔、鞋子、工具、背包等物品。但是，箱子的总重量不能超过30KG。

旅行前

- 预定航班前请查询此航班是否允许托运装有自行车的自行车箱，以及费用是多少。
- 预定航班时，请告诉旅行社您将携带您的自行车。这个信息将传输到航空公司，并且，您后续将收到另外的通知。
- 费用与航空公司相关。如果您未受到另外的通知，这部分费用经常是直接登机手续办理处直接支付的。
- 同时，请考虑好如何将自行车箱从机场运送到酒店。如果您的旅行是旅行社全程负责的，那么请在预定的时候告诉旅行社，自行车箱需要从机场运送到酒店并运回。否则会产生额外的费用。
- 自行车大赛组织者：自行车的运输一般都包含在旅行费用中了，在出发前合适的时间会通知您。

出发

- 当您决定带着自行车出行，请保证充足的时间来办理登机手续。
- 如果您的出发时间为凌晨，我们建议您在前一晚做好登机准备，以此节约出发当天的时间。
- 和往常一样到登记台办理登机手续。当您拿到登机牌之后，您应该去另外一个柜台办理大件行李托运。

到达目的地机场

自行车箱通常是抵达在特殊的行李传输带上，或者是通过一个大件行李的门交到您手上。自行车箱很少出现在普通的行李传输带上。

箱子受损

如果发现箱子有破损，请立即通知航空公司。在大多数的机场，失物招领处一般都能帮到您。

AIRLINE TRAVEL WITH YOUR BIKE

Reasons for taking your own bike:

All cyclists know from their own experience: you ride your own bike much better and safer because you know your equipment, the seat position is right and you are thoroughly familiar with the brakes and the gears and you know the condition they are in. Available space in the case can be used to store your helmet, shoes, tools and bike backpack etc. Please note that the overall weight of the bike case should not exceed 30 kg.

BEFORE TRAVELLING

- Find out before booking whether the airline carries sport luggage (bike in the case) and how much the charges are.
- Notify the travel agency directly when booking that you want to take your own bike. This information will be passed on to the airline and you will receive separate notification.
- There are costs associated with registering with the airline. If you don't receive any other notification, these costs are usually paid directly at the check-in desk.
- Also think about transport from the airport to the hotel. For package travel deals: notify the travel agency about bike transport from the airport to the booked hotel and back when booking, otherwise additional costs may be incurred.
- Cycling event organisers: transport is frequently included in the travel cost. Inform yourself in good time before departure.

DEPARTURE

- You should generally plan more time to check-in when you travel with a bike.
- For early morning departures, we recommend the late night check-in service to save time on the day of departure.
- Report to the check-in desk as usual. Once you have received your boarding card, you usually have to go to a separate desk for bulky luggage.

AT THE DESTINATION AIRPORT

The bike case usually arrives on a special conveyor belt or is handed to you through a door for bulky luggage. It is rare for it to arrive on the normal suitcase conveyor belt.

DAMAGES TO THE CASE

Report any damages to the case immediately to the airline. The "Lost & Found" desk usually helps you at most airports.

BIKE.CASES & BAGS

包装尺寸(mm) packing dimensions (mm)	1340 x 930 x 210	1200 x 920 x 200	1355 x 860 x 335	1160 x 900 x 300	
重量 (包含配件) weight (kg)	10.9	11.7	16	16.5	
最大载重量 max. load(kg)	15	15	20	20	

注意：尺寸是基于闭合并且直立的自行车箱或自行车包的长度X宽度X高度。这个表格中的信息仅供参考。具体需要哪款箱子，请根据自行车的实际尺寸对照箱子的内尺寸来选择。如果需要的话，自行车的后变速器都要拆掉。如果你需要了解更多细节，请登录我们的网址：

<http://www.b-w-international.com.cn/products/bike-cases/>

请注意自行车包bike bag跟bike guard Curv®、梯形自行车箱和矩形自行车箱比较而言，只是对下面部分提供了保护，上面部分对压力和冲击的抵抗仍是脆弱的。

Note: The dimensions stated are length x height x depth for a closed upright case or closed upright bag. This table only serves the purpose of providing initial orientation. For the actual possibilities of use, please compare the interior dimensions with the dimensions of the dismantled wheel from the front edge of the fork drop to the end of the rear derailleurs and the height of the seat post to the underside of the chain wheel. If necessary, the rear derailleurs must be dismantled. Therefore you should measure the front edge of the fork drop to the back edge of the frame drop. If you want to know in more detail if your bike fits, make use of our configurator on our website:

<http://www.b-w-international.com/product-category/bike-cases/>

Please note that the bike.bag only offers protection in the lower section in contrast to the bike.guard curv®, the bike.box II and the bike.case II. The top section remains fragile to pressure and impacts.

自行车箱 BIKE.CASES

8.2 kg
weight without accessories
不含配件重量

bike.guard curv®

特性 | FEATURES

- 世界上最轻的自行车硬箱，自重8.2KG。
- 适用于公路自行车、山地自行车和铁人三项自行车，配有29"轮胎包。
- 高度耐冲击、耐磨损、坚固、耐用。
- 2个万向轮，2个定向轮。
- 4个拎手：1个可调节的拎手，1个可推动2个轮子的拎手，2个可以拎的拎手。
- 为了简化包装，上盖可以完全拿掉。
- 箱子的底和盖有6个点可以互锁，通过2个铁扣很容易就能将箱子关上。
- world's lightest full-sized, hard bike case at 8.2 kg (without accessories)
- made of self-reinforced Curv®-material suitable for road bikes, mountain bikes and triathlon bikes, with 29" wheel guards
- highly impact resistant, abrasion resistant, tough and durable
- four easy-rolling wheels, two which freely rotate and two fixed
- four handles: one adjustable pulling handle, one pulling handle to pull on two wheels, two handles to carry
- for simplified packing, the top shell can be removed completely
- the two case halves are interlocking at six points around the side, and pulled together with two self-tightening buckles for easy closing and fitting of the case
- lockable with a TSA padlock (not included in the delivery)

Simon Gutmann说：“我们真的可以依赖这款自行车箱。当我们到达目的地，发现我们的自行车没有一点划伤。自行车打包非常简单，而且灵活的轮子、拎手和拉手，让我们带着自行车箱旅行也变得简单。”

"We really can rely on the bike cases. When we reach our destination, we find our bikes without a scratch", says Simon Gutmann. "It is quite easy to pack the bikes, and due to the smooth-running wheels and the pulling & carrying handles, it is even very easy to travel with the bike case."

Team Freiburger Pilsener Merida

自行车箱 BIKE.CASES

bike box

特性 | FEATURES

- 适用于公路自行车和山地自行车
 - 带有十分坚固的铝框架和嵌条
 - 海绵块可保护后链轮齿
 - 2个28" 轮胎包
 - 加固的轮轴和4个灵活的轮子
 - 两个万向轮、两个定向轮
 - 2个拎手和1个加固的手把
 - 箱内有插扣带
 - 前叉保护海绵管
 - 固定手把海绵带
 - 链条保护包
- trapezoidal bike case, suitable for road and mountain bikes
 - surrounding aluminum frame and protection ring
 - foam block to protect the rear sprocket
 - incl. two 28" wheel guards

工具箱 TOOL.CASES

在一场比赛中，一支队伍的技术员们总是要时刻准备好，以最快的速度拿到所需的工具。

B&W 除了能提供运输自行车的箱子外，还能提供工具箱和工具包，能完美地满足这一需求。

During a race, the technicians of a team must always be ready and have their tools quickly at hand. B&W International offers, next to the bike transport cases, tool cases and bags, which are ideal for this application.
